GREENEVILLE.

Death of Michael Brennan—Marine Corps Recruiting Drive—Personal.

The death of Michael Brennan occurred at 4.30 Sunday morning at his home at 21 Tenth street after an illness of nine weeks. He was born 58 years ago in Ireland and came to Greenville when about eight years old. He was the son of Cornelius and Johanna Leo Brennan. About 35 years ago he was married to Miss Mary Barnett, who died in 1895. Mr. Brennan was a mill hand by occupation and was employed in the bleach house at the local plant of the U. S. Finishing company. He was a member of the Holy Name society of St. Mary's, also of St. Mary's church. He is survived by two daughters, Miss Catherine Brennan and Mrs. Edward Daley, a son Cornelius, all of Norwich, and three sisters, Misses Mary and Bridget Brennan of Norwich and Mrs. Michael Lyon of Valley Falls, N. Y.

Marine Corps Recruiting.
The drive for men for the marine corps now on is reflected in the village by posters from the Boston recruiting station. The posters are a bright green and call attention to the fact that the marine is a land-sea as well as a sea fighter.

Personal Mention.
George Brown of the naval reserve station at the state pier in New London, spent the week-end at his home in the village.

Lawrence Noland and Edward J. Knoll, who are at a government school in Boston, spent the week-end at their homes here.

James, one; Charles Kaye, 298 shares preferred and one common.

MT. CALVARY CHURCH GIVES BOYS FAREWELL

Reception For Those Who Are Going Into Army Service.

The officers, members and friends of Mt. Calvary Baptist Church gave a reception to the boys of the church Monday night leaving Tuesday morning for Camp Devens. The vestry of the church was prettily decorated with flags and the choir of the church sang the Star Spangled Banner, each man waving a flag. Young ladies waited on the boys. Seated at the table were the mothers of the young men. Speeches were made and a general good time was enjoyed by all. Money was divided and Deacon John Harris was delegated to carry the money to the train. Mrs. Mary Jane Brown was chairman of the committee in charge of the affair. Rev. E. W. Williams is pastor and Mrs. Annie Drury is church clerk.

To Relieve Catarrhal Deafness and Head Noises

If you have catarrhal deafness or head noises go to your druggist and get 1 ounce of Farman's (double strength), and add to it 1 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day, from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has catarrhal deafness or head noises should give this prescription a trial.

NEW BRIDGE ACROSS THE SHETUCKET

To Be Built at Taftville For River Road to Jewett City—To Cost Probably \$135,000—Will Be Built This Summer—Expense Divided Between State and Towns of Norwich and Lisbon.

Under the direction of the state highway department, a new bridge, costing probably \$135,000, is to be erected during the coming summer over the Shetucket river at Taftville on the river road to Jewett City. State Highway Commissioner C. J. Bennett has already advertised for bids and is expected to award the contract soon. The new bridge will replace the old one that now serves for travel in crossing the river on the way from Norwich to Jewett City and will be a big improvement at this point.

It will be of reinforced concrete construction, following the general type of bridge construction that has been adopted by the state highway department and will be without the overhead spans in the old type of steel bridge.

Plans for the spans have already been constructed and the concrete work proceeded as soon as the contract has been awarded and the material can be secured.

It will have a total length of 215 feet, made up of five spans of from 40 to 45 feet each in length, with four piers standing in the river. There will be a 23-foot roadway and a foot-way 6 feet wide.

The state half of the total cost and the other half is divided between the towns of Norwich and Lisbon, with the largest proportion falling upon Norwich naturally, as this town's share is so very much larger than that of Lisbon.

OFFERS LAND FOR MILITARY HIGHWAY

Charles H. Brown Proposes Change at Decatur Mountain at Gales Ferry.

Charles H. Brown of this city, who is the owner of Decatur Mountain and the farm adjoining along the River Thames, has offered to give the land necessary for a military highway. If the authorities will change the present plan at a point just below Allyn's Point, and swing around the west side of the mountain, striking the old road again near the Gales Ferry cemetery.

This would make the distance a trifle longer and the grading would be a little more expensive. However, the great advantage of such a change would be that it would give the finest scenic drive in all Eastern Connecticut. Certainly no such view can be found in this locality. The views both up and down the river are wonderful.

The change would also eliminate two sharp corners now existing on the present road, and also avoid a bad piece of road above the Latham Smith place. The attention of the engineers has been called to this and they have already been over the route.

It would be a very great public improvement and it is pleasing to see such public spirit manifested on the part of Mr. Brown.

TIME TO FILL UP WAR SAVINGS CERTIFICATES

Before the Month of May Arrives—Norwich Should Buy More.

The sales of thrift stamps at the Norwich post office in the month of April have reached a good figure. Now the price of the certificates will be \$4.15 for the month of May. It is time for all those having partially filled cards to fill them completely at once for by paying 15 cents before May 1. With the cards bearing 15 stamps they will receive a war savings certificate which bears interest at 4 per cent.

Those who cannot subscribe for Liberty bonds have a chance to show their patriotism and desire to win the prize of what is expected to be regularly and cultivate the habit of thrift and saving. There are probably thousands in this city who can afford to lend a small part of their earnings to the government. It is expected that they will begin to do their part at once. The sales in Norwich up to the present time have not been 50 per cent of what is expected to have the town fill its quota.

DOCTOR APPEALS.

Not Satisfied With Way His Charges Were Cut in Compensation Cases.

Dr. E. P. Douglass of Groton has taken an appeal to the superior court from the action of Compensation Commissioner George B. Chandler in reducing the amounts of fees for services rendered in several compensation cases. The fees were reduced in 11 cases, nine of which were in cases of the employees of the Groton Iron Works and two in cases of employees of H. R. Douglas.

The cases, amount of fees claimed and amount allowed by the compensation commission are as follows:

Peter Johnson and H. R. Douglas, fee claimed \$145; fee allowed \$110.

WIFE SEEKS DIVORCE

Brings Suit Against Former New London Policeman—Asks Alimony.

Angelina Beaudry Wooten of New London has brought suit for divorce from Wilbur E. Wooten, formerly of the same city, but now of parts unknown. She also asks alimony, and alleges intolerable cruelty between Feb. 1, 1916, and January 1918. The couple was married on Dec. 20, 1915. The wife asks to be allowed to resume her maiden name of Angelina Beaudry.

The defendant was formerly a policeman in New London and later managed a store in Groton.

Norwich Autoist Fined.

EXPECT SOME PEACHES FROM KITEMAUGH ORCHARDS

Buds Were Not All Killed By Severe Cold of Winter.

The Kitemaugh orchards have not suffered so much by the severe cold of the past winter but what there will be some peaches produced there this year, said the owner, E. W. Browning, on Monday.

In some sections of the state the report has gone out that the buds were entirely killed by the long and continued severe cold, but Mr. Browning said that while this has happened to many of the Kitemaugh trees they have not all been affected that way and he expects to get something of a crop.

CHILDREN CAUTIONED.

New Haven Road Directing Attention to Danger in Trespassing on Tracks.

About 600,000 circulars being sent to schools throughout Connecticut, to be distributed among the children read as follows:

The Short-Cut Route.

In the year 1917, 13 children were killed and 18 seriously injured through trespassing on tracks of this company.

Everyone today is trying to perform a feat by the short-cut route, that is, obtaining good or better results by the easiest way. That is commendable unless by so doing there is danger involved or risks taken.

We must be careful in making the short-cut method to avoid the danger places.

Troops of children leave their homes each day to go to school. Thousands take the short-cut route which leads through crowded public thoroughfares or across railroad tracks. Many indulge in bouncing ball, playing tag or chasing and run into the streets thoughtlessly. Don't do it.

In city districts children have been seen picking up coal dropped from trains, playing on empty freight cars, hopping on trains for a ride and crossing railroad bridges. This is forbidden by law. Every year many lives are lost in this manner. Therefore, stop, look and listen before crossing streets or railroad tracks.

Think of fathers and mothers, who at great expense and sacrifice have taken care of your young lives, and don't take them needless worry. Remember safety first and short-cuts afterwards.

F. W. MITCHELL,
Supervisor of Safety, N. Y. N. H. & Hartford Railroad.

HEREDITARY LAWS.

Basis of Unusual Suit Dealing With Ownership of South Coventry Hotel.

The first hereditary law suit to be tried in the Tolland County superior court was begun in the court before Judge Joel H. Reed last week, the first case of this kind to be tried in the county courts and in the opinion of many lawyers, the first to be tried in the state in a number of years.

The suit is brought to determine the ownership of the Bidwell hotel property in South Coventry. The claimant is Addie I. Ames, executrix of the estate of Lydia Joslin of Coventry and the plaintiff claims to own the property by purchase from Sarah Bidwell. In 1881, mother of Charles P. Bidwell of Coventry, the first husband of Mrs. Joslin, who owned the property, and at the time of death left no children, no brothers or sisters but a wife, a mother, Sarah, and two paternal aunts, Jane and Sarah, granddaughters of C. N. Fitch and Amelia Winchett. The defendants are C. N. Fitch of Rockville and E. C. Winchester of New London, conservator for Mary Clark of Windham, the daughter of Amelia Clark Winchett.

C. N. Fitch claims one-half interest from his grandmother and Mary Clark claims one-half interest from mother. The base for the Joslin claim is that she bought her mother's claim on the property. The probate court of Coventry gave her the life use of the property and it is her claim that she now owns the property by purchase.

The defendants claim that on the death of Charles Bidwell his mother did not have any claim to the property but that it went to his two aunts.

When Fires Are Permissible.

There seems to be some misconception as to the fire law. Any who may be misinformed as to the necessity of obtaining a written permit to burn

GET NEW KIDNEYS!

The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen. One of the first warnings is pain or stiffness in the lower part of the back, highly colored urine, loss of appetite, indigestion, irritation, or even some in the bladder. These symptoms indicate a condition that may lead to that dreaded and fatal malady, Bright's disease, for which there is said to be no cure. You can almost certainly and immediately relieve in GOLD MEDAL Haarem Oil Capsules. For more than 100 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Be sure you get the GOLD MEDAL brand. None other genuine. In boxes, three sizes.

"Brush, weeds, grass or rubbish of any kind." If they read Section 4 (amended) by Public Acts of 1917, Chapter 180) will note that the exceptions to the necessity of obtaining a permit for the burning of the above mentioned materials "between the first day of March and the first day of June and the first day of September and the first day of December," are when the fire is in a ploughed field, garden or public highway, at a distance of not less than two hundred feet from any woodland, brushland or field containing dry grass or other inflammable materials.

Miss Torrance on Recital Programme

In a recital at the New England Conservatory at Boston last Friday evening, a well liked novelty was the Little Japanese romance, Sayonara, the words by Nellie Eberhart, music by Charles Wakefield Cadman, which was sung by Miss Mize Torrance of Taftville. It is based on the tragic story of the meeting of two lovers, suri and Haru, forbidden by parents to wed, the summer festival called the "festival of the dead." Miss Torrance also appeared in a suite of desert love songs, words by Marguerite Hall and music by Robert Clarke, and with Miss Harper in the flower duet from Madam Butterfly.
